Everett To Lead Drive Of Local C C

Undertakes Membership Campaign To Finance New Booklet For The City

Captain E. G. Everett has taken over the chairmanship of the membership drive of the Sierra Madre Chamber of Commerce, upon the success of which depends whether or not a new booklet shall be issued setting forth to the world the advantages of this city as a home place.

The last issue of the Chamber's booklet picturing Sierra Madre has been completely exhausted and officers of the organization have been unable to meet the request of the State Chamber of Commerce that it rush reading matter concerning the city to the State Chamber's headquarters at the Chicago World Fair for distribution to Fair visitors.

A preliminary canvass of the city showed a strong sentiment in favor of immediate preparation of a new booklet and many citizens and property owners signified their willingness to contribute towards that end. The Chamber of Commerce voted to amend its by-laws, cutting the membership fee to less than half and inviting every resident of the city to join so that the necessary funds might be raised for the purpose of the membership fees.

Many well known citizens have volunteered to serve on the membership committee and canvass the city for the necessary memberships. At a meeting of the Chamber of Commerce directors on Monday night at the City Hall Captain Everett was elected chairman of the committee and the drive will start at once.

Clarence G. Huntsinger was named local chairman of a committee to cooperate with the State Chamber's program to decrease the number of traffic accidents. A resolution was adopted extending the Sierra Madre organization's endorsement to this program.

The directors voted to change their meeting night from the first to the second Monday night in each month.

Youths Speak In Behalf Of Candidates

At a special young voter's meeting of the Sierra Madre Forum in the City Hall Tuesday night, Selwyn Myers, son of Al S. Myers, spoke in behalf of his father's candidacy for county supervisor in this district. According to Sam Blum, representative of the local Co-ops, the rank and file of all the Cooperative Unemployed units in the county have endorsed Myers.

John H. Osgood conducted a half hour session in which time the EPIC plan was discussed and other speakers were introduced. R. O. Calkin spoke in behalf of George Croel, Democratic candidate for Governor. Jere Stele endorsed Sheridan Downey for Lieutenant Governor; Jose Phelps spoke for former Governor Young, and Margery Patton talked for Upton Sinclair.

In keeping with the current Forum policy of presenting the social programs of various organizations, R. O. Calkin outlined the American Legion program of social reform. Mrs. A. F. Snell briefly reviewed "The Modern Corporation and Private Property" by Adolph Berle and Garden Means. Announcement was made that next Tuesday Col. H. B. Hersey will comment on the direct issuance of currency for bonus payment, and other emergency financing.

Victor Schmidt, Forum president, stated that the program committee is to be enlarged, and that a general board of 15 members will be chosen. The widespread interest and large attendance of the society is given as the reason for the enlargement.

Four New Families Take Up Residence In Sierra Madre

Four new families who recently purchased homes in Sierra Madre through the W. R. Humphries real estate office, moved here in the past week to make their permanent residences.

Mr. and Mrs. Sydney Jewell, formerly of Los Angeles, moved into their newly constructed home at 560 North Hermosa avenue, in Alta Sierra Madre.

Mr. and Mrs. W. B. Durham moved to North Auburn avenue, while Mr. and Mrs. J. D. Schaffer, of New York, made their residence at 31 East Alegria. Dr. M. P. Burnham, staff member of St. Luke's Hospital, and his family have leased the duplex apartment at 387 West Central.

Short-Cut Highway From Pasadena To LA Wins Approval

A six-lane Arroyo Seco boulevard connecting downtown Pasadena with metropolitan Los Angeles, and assuring a more convenient and direct route between Sierra Madre and the city, was approved at a special joint meeting of the Pasadena and South Pasadena governing bodies Wednesday.

The complete route and plans for construction were agreed on, and it was estimated that the cost, exclusive of right-of-way, would be approximately \$900,000. The Board of Supervisors will act on the project soon, it was stated.

Extending from Broadway in Pasadena under the Santa Fe tracks, the route continues through South Pasadena by way of Grevelia street and the Union Pacific right of way, across South Pasadena's Arroyo Seco Park, and connects with North Figueroa street in Los Angeles at the Elysian Park tunnels.

Select New Teachers At Local School

Kindergarten Instructor Of Wide Experience Is Added To Staff

When the Sierra Madre grammar school reopens its doors next month for the Fall term, there will be two new teachers included on the staff as a result of action taken by the school trustees at a meeting on Tuesday night at the school building.

One additional teacher has been added by the reason of the average daily attendance record established during the last semester, Miss Betty Newton, of Sierra Madre, was elected to the specific position in the elementary department. Mrs. Gladys Albright, formerly a resident of this city, was named to take the place of Elizabeth Glidden who resigned last June when she was married.

Mrs. Albright, who will teach the kindergarten class, formerly taught in Inglewood, at the Hansel and Gretel Grammar School and in Puente. She plans on making her residence here. Miss Newton, just recently graduated from the University of California at Los Angeles, is assuming her first position. She lives on South Baldwin avenue at present.

According to Mrs. Gilbert S. Bovard, board member, it will not be necessary to make any noticeable cuts in school running expenses under the terms of this year's budget.

Congressman Evans Will Be Honored At Public Reception

Prominent citizens of the 11th Congressional District are planning a reception in honor of Congressman and Mrs. W. E. Evans first at the Shakespeare Clubhouse, 230 South Los Robles avenue, Pasadena, Thursday, August 23, at 8:15 p.m. Everyone is invited to this reception which will be entirely informal.

A musical program will be given by George Garner, famous Negro baritone, and the Dixie Quartet, popular with radio listeners. Following the entertainment the Congressman and his wife will greet their friends and light refreshments will be served.

Plaza Children Picnic At The Beach

Sixteen children from the Plaza Children's Home here were treated to a day of refreshing swimming and play in the surf at Long Beach Wednesday, through the kindness of several Sierra Madreans who furnished transportation.

Those who drove the youngsters to the beach were Mrs. J. M. Campbell, R. S. Corlett, Vic Myers, Don Blanke, Mrs. H. B. Ayers, and Misses Gibson, Clark and Fuller, teachers of the home.

Townsend To Talk On Old Age Pension Plan In Pasadena

A big delegation of Sierra Madreans will go to Pasadena on Saturday evening to hear Dr. F. E. Townsend, Dr. S. M. Dick and the battery of speakers that will accompany them on their eastern invasion to organize Townsend Old Age Pension clubs. It will be the final appearance in California of Dr. Townsend, originator of the Townsend old age revolving pension fund idea, before his departure on a trip that will take him through 26 states and to the Atlantic seaboard.

Tomorrow's meeting will be held in the Pasadena Gold Shell and will begin promptly at 8 o'clock.

Wammock Believed Out Of Danger Now, Thugs Not Arrested

Leonard Wammock, who last week was murderously assaulted and left for dead by a gang of striking longshoremen on the Vancouver B.C. docks, was reported yesterday to be making rapid recovery. His condition is thought to place him out of danger. Police of the Canadian City have made no arrests in the case and the thugs will probably go unpunished.

Mr. R. C. Polsue, father of Mrs. Wammock, is leaving today for Vancouver, Wash., to ascertain the exact condition of his son-in-law.

Masons And OES To Stage A Farmer And Farmerette Dinner

In order to further promote friendship and co-operation between the two local lodges, the members of the Order of Eastern Star have arranged to have the Masons join with them in another "get together" dinner to be served at the Platte residence, 319 Camilo street, on Wednesday evening, August 22.

The ladies are planning to serve the dinner in the open on the Platte grounds and are requesting all members attending to come dressed in the garb of farmers and farmerettes.

After dinner the members of both lodges will take part in competitive games and country songs and an enjoyable social evening is anticipated. Reservations may be made by contacting Mrs. Francis Brain.

Mrs. Mary Wammock of 258 East Central avenue, has asked THE NEWS to extend her sincere thanks to the many friends who have bestowed so many kindnesses upon her during her recent illness.

Lutherans Buy Blumer Estate Here

Construction Of Bungalow Court Home On 5-Acre Tract To Begin At Once

The California Synod of the Lutheran Church closed its long standing deal for purchase of the former Blumer estate of five acres on Grand View avenue this week when it exercised its option and took title to the property.

An architect was immediately ordered to prepare plans for a bungalow court to serve as a home for aged members and superannuated ministers of the church in this State.

Construction is expected to get under way within sixty days. The project calls for a number of complete unit bungalows, each of which will provide a cheery home for an aged individual or couple. Ultimately there will be a refectory for those not wishing to do their own cooking; a chapel, central administration building and library.

For a number of years the California Synod has worked to raise the \$12,500 needed for the purchase of the land, and only now has it succeeded in its purpose, through countless small subscriptions and larger donations.

Sierra Madre was originally chosen as the site for the bungalow court home, because of its delightful climate, the absence of fog and frost and the distance from crowded metropolitan areas as well as the convenient proximity to the city for those who wish to enjoy its religious and cultural advantages.

Church officials believe that the home will bring a much desired type of newcomer to Sierra Madre, as the home will undoubtedly attract many retired ministers and returned missionaries.

Fine Tribute Paid Memory Of S R Norris

Business Halts For An Hour When City's Oldest Merchant Is Laid To Rest

Sierra Madre paid honor to the memory of Stephen R. Norris Monday afternoon, all of the city's business houses closing between 2 and 3 o'clock while the funeral services for the pioneer resident were being conducted at the Congregational Church.

While Rev. Arthur O. Pritchard spoke in simple eulogy of Mr. Norris and the splendid life that he spent here, the number of townspeople and friends who filled the church pews was mute evidence of the high regard in which he was held by the community.

Funeral arrangements were conducted by Grant Funeral Parlor, James N. Hawks, Frederick Roess, and Carl Pegler, of Sierra Madre; Charles Couch, of Los Angeles, and Charles Baker of Rosemead. Honorary pallbearers included S. R. G. Twycross, Albert Gregory, L. E. Steinberger, W. S. Andrews, J. C. Dickson, Mark Welsher, C. M. Clark and Arthur Carter, all early Sierra Madre settlers, and Elliott Fiske of Los Angeles.

Funeral arrangements were conducted by Grant Funeral Parlor. A long procession of cars proceeded to the Inglewood cemetery after the service here, and there interment was made.

Four Generations Attend Reunion Of The Barton Family

A family reunion which included four generations was held at the home of Mr. and Mrs. H. F. Barton of 252 Ramona avenue Sunday. Among the guests were their daughter, Mrs. D. R. Urquhart and husband, of Pasadena; their son, A. B. Barton, his wife and daughter Louise, of Pasadena; a granddaughter, Mrs. George Waters, and June and Georgia Waters from Santa Maria; two granddaughters, Mrs. Preddy and Mrs. Carl Lutz with their husbands, from Los Angeles; and their great grandson, Donald Galvin, of Pasadena.

Also a guest during the week was Mrs. Eunice Shader, who was present at the reunion supper Sunday evening.

Morse Art Exhibit Draws Good Crowd

On the occasion of the reception for Vernon Morse's exhibit of block prints at the local Little Gallery Friday evening, more than a hundred art lover and artists from here and out of town were present.

Among the prominent artist friends of Morse were Joseph Perrett, Harold Wright, Miss Grace Crocker and Harold Treffry, of Los Angeles. Local artists included Henry Ivins Hawhurst, Alfred James Dewey and others, while a number of city officials and well known residents were also on hand to praise the exhibit.

Change Of Venue Granted In Latest Kreenwich Charge

City Judge Tom Neale wiped a trembling hand across a weary brow, breathed a sigh of relief as the Kreenwich marital or martial difficulties seemed once and for all removed from his jurisdiction on Wednesday.

Henry Kreenwich petitioned for a change of venue on the grounds that he was not sure of getting full justice in his home town in the matter of suits between himself and his wife. His petition was granted, and the case of Etta vs. Henry Kreenwich (on a number of grounds not quite clear) will be continued in the Pasadena Municipal court, August 22nd at 10 a.m.

The latest case rests on the alleged action of Henry in shoving Etta while she was handling a pan of hot mush ever so shortly after their second honeymoon. She states her thumb was burned—he says he has no knowledge of what she is talking about.

Home Owners Are Urged To Brighten Up

Government Will Guarantee Loans To Encourage Repairs And Improvements

Sierra Madre homeowners may now avail themselves of the service of the National Housing Act in securing loans of from \$100 to \$2000 through the local Savings Bank for home repair and improvement.

Officials of the Sierra Madre Savings Bank declare that the institution here will cooperate to the utmost in doing its part in making a success of the Federal government's plan. The housing act is one of the administrations wide scale efforts to stimulate the building trade, furnish added employment, and directly help the Nation's homeowners to effect needed improvements on their property.

What came this week outlining the provisions of the act, and telling in detail the qualifications for loans. Loans are made to property owners for property improvement and repair use only. The note may run for three years, payments to be made in monthly installments beginning 30 days after issue.

To be eligible for a loan the homeowner must not be delinquent in taxes, assessments, either interest or principal, and must have an income at least five times that of the annual payments to be made on note. There is no interest charge, but a flat 5 percent discount is made in advance for handling charge. All money loaned is insured by the government up to 20 percent of the aggregate loans made.

A 23-page booklet is being issued by the Federal Housing Administration, presenting to the homeowner a number of suggestions for home and property improvements. Attention is called to the need for sound walls and roofs, safe chimneys and fireplaces, safe stairways and steps, neat outward appearance. In conclusion the booklet advises:

"Your building is an investment in living. Neglected, it pays no dividends, protected and improved, your home pays many times over in convenience, happiness and comfort for your family. The money is ready, the workmen are ready—the time is ripe to act."

GASOLINE AND ACCESSORY THIEVES CAP THE CLIMAX AS TOP OF A CAR IS TAKEN

AUTO thieves have apparently reached the ultimate in their local pursuit of the gentle art of car stripping.

Gasoline, tires, wheels, horns, headlights and similar accessories have all fallen in their turn before the determination of the dexterous fingered laddies, so Mrs. Martha D. Rust of 382 Auburn avenue might have expected to find any one of these missing. But when she looked to her coupe yesterday morning, the more or less portable articles were there en toto. Only the top had vanished.

Gasoline thefts, which at one time were the chief worry of local car owner, appears to be diminishing. The only one in recent weeks was reported yesterday by R. W. Carleton, of 501 East Highland avenue, who frightened the culprits away before they could get into operation. They left a gas tank and siphon behind in their haste.

Persons parking on the Flats at the end of the Big Santa Anita mountain road, are most molested by gasoline thieves. Every weekend many tanks are drained there, although a patrol is maintained for the protection of parkers.

Charge Sinclair Raises False Hope With His Epic Plan

The official state executive committee of the Socialist party, meeting in Los Angeles, denounced Upton Sinclair and his Epic plan, in a ripping statement issued this week, starting a revolt in the Sinclair ranks.

"Sinclair turned his back on the Socialist method and started hastily up the blind alley of Epicism," the statement said. "To trust the Epic plan would be a major tragedy for the people," said the statement, put out by the party that Sinclair was affiliated with for 30 years. "It is the despair that follows hopes falsely raised by plans like 'Epicism' that makes the people ready to follow a demagogue like Hitler, who promises to achieve by dictatorship what Mr. Sinclair promises wildly to do peacefully."

Old Tax Rate May Be Held Another Year

Council To Fix Levy Next Wednesday On Reduced Assessable Valuation

On receipt of final official figures on the result of this year's property assessment this week, the City Council started to work on the municipal budget for the fiscal year 1934-35. As certified to City Clerk Waverly E. Pratt the assessment figures show a shrinkage under the assessed valuations of a year ago of \$125,185.

In face of the shrinkage in assessed valuations members of the Council hope to be able to retain the tax rate fixed for municipal purposes of the fiscal year 1933-34—\$2.40. The decreased valuation would produce about \$3,000 less than a year ago under the same tax rate. Council is up against the proposition of dispensing with some of the services now rendered the people by the city government, it is announced, and hopes to have the problem solved before next Wednesday's Council meeting, when the budget will probably be adopted and the tax rate fixed.

The rate of \$2.40 fixed last year was calculated to bring in \$59,396.35. The total tax rate for all purposes was \$5.75 per \$100 of assessed valuation. In addition to the \$2.40 for municipal purposes the county tax was \$1.35 and the school levy \$2.00. It will be impossible to tell what the total will be this year until the county rate is fixed and the county has passed upon the budget of the local school board.

Of the \$2.40 rate for municipal purposes now in effect \$1 is for the general fund which provides for all the city's services—police, fire, garbage collection, street maintenance, light, etc. The rate for upkeep of the library for the last year was 16 cents and the parks 11 cents. For sinking fund and interest charges to meet bond issues of the past \$1.13 was assessed.

Official figures on this year's assessment reveals that while property valuations have experienced another drop, the rate of devaluation is relatively slower than the decline indicated by last year's figures.

Combined land, improvement, capital and personal property values for 1934-35 have dropped \$125,185 below total valuations of 1933-34. But the 1933-34 figure was \$322,675 lower than the year before.

Total net valuation for the current year is \$2,349,455, as compared with last year's \$2,474,640. Land values total \$1,310,755 in comparison with \$1,315,640 in 1933-34. Improvements dropped from \$1,119,080 to the present figure of \$1,000,620. Personal property values amounted to \$173,855, compared to 1933-34 total of \$177,195; while monies have decreased from \$1,425 to \$650. Present year exemptions are \$136,435, compared to \$138,690 in 1933-34.

According to the annual report of County Assessor Ed W. Hopkins there has been a 72 percent jump in the combined assessed values of all solvent credits and all stocks and bonds held in the county during the year. Stocks and bonds amounted to \$575,426, 460 for 1934 as compared with \$371,882,235 for 1933. Solvent credits for the county were assessed at \$273,125,040 this year, compared with \$233,900,495 last year.

### TRAIL EXPERTS TO WORK IN THE HILLS

Sierra Madre News:

Thank you very much for publishing the good news about our trails. I understand that the work will be done, not by CCC boys but by expert trail men.

I am sorry that you used by name, as I collected very few signatures, and it was only the enthusiasm and hard work of others, the support and recommendation of many organizations, and the active response of every one that was contacted, that made real our thought for "hiking, health, and happiness," for the children and for ourselves.

With our thanks for your interest and assistance, I am,

Very truly yours,

## Walter McEachern Visits Old Friends In Sierra Madre

Walter S. McEachern, candidate for office No. 1 of the Pasadena Township Justice Court, spent Wednesday

day meeting old friends and supporters in Sierra Madre where he received a flattering vote when he was a candidate for that office several years ago. Mr. McEachern has lived and practiced law in Pasadena Township for 10 years. He is married and has one child of school age. Besides being highly successful in his profession he has been active in civic affairs, having served several years on the executive committee and one year as president of the West Altadena Improvement Association. He is an active member of the Kiwanis Club, First Methodist Church, Pasadena, Y.M.C.A., American Legion.

He is endorsed by hundreds of friends, including many of the most influential and prominent people in the township. His friends and endorsers will recall that when Mr. McEachern was a candidate for this office a few years ago he came within a few hundred votes of being elected.

## New Reservoir To Insure Beauty At Monastery Here

An additional water reservoir has just been constructed on the grounds of the Mater Dolorosa Monastery to care for the increased irrigation demands this summer caused by the pretentious beautification program. Care has been taken to preserve the beauty of the flowering trees, shrubbery and flowers both in the new patio and on the terraced front grounds, regardless of hot weather.

## SINGER HERE FOR REST AFTER MIDWEST TOUR

Miss Charlotte Kidd, daughter of Mrs. L. C. Schuck of 298 East Grand View avenue, is spending a few days with her mother, resting after her trip through the middle west as soloist with Howe Pratt and Ernie Palmquist, eastern band who are well known on this coast also.

## BADGERS TO PICNIC

All who ever lived in Wisconsin are invited to meet for the great picnic reunion, all day Saturday, August 25th, 1934, in Sycamore Grove Park. There will be a brief program opening about 2 o'clock, presided over by Col. Frank E. True, president of the Badger State Society.

## Robinson Pledges Women Square Deal In Justice Court

Lloyd W. Robinson, Jr., of Altadena, candidate for Justice of the Peace of Pasadena township, office No. 2, told members of the Women's Economic Study Group on Tuesday morning how he proposed to conduct his court if he is elected to the office he seeks. And then he related his training and experience that he said he believed qualified him for the position, promising impartial justice for all litigants regardless of the amount involved in cases coming before him. The meeting was held in the City Park and Mrs. W. J. Lawless presided.

## Federal Aid Needed In Flood Control McGroarty Urges

"Consideration of a necessary flood control program by Congress is necessary to battle the menace of the mountains, which have until denuded by fire and damage by floods, been our pride and friends," stated John Steven McGroarty in a talk to a gathering of 50 Sierra Madre supporters at the home of Mr. and Mrs. W. J. Lawless Friday afternoon.

"Up to the present time," the Democratic Congressional candidate told his listeners, "no Congressman from this district has taken this matter seriously. But with the watersheds of Pasadena, Altadena, Glendale and other communities destroyed it is time that we undertake to see that some of the money already appropriated for forest conservation and water control is used in the 11th Congressional district."

## Frank G. Martin Endorsed By Many Groups and Individuals

Assemblyman Lawrence Cobb, of Los Angeles, chairman of the Assembly Ways and Means Committee of the 1933 Legislature, writes Mr. Martin as follows:

"Your assistance on the Committee on Ways and Means was invaluable. The problems confronting that Committee and the burdens upon it were enormous. No one not conscientiously interested in good government and the people could have withstood the pressure brought on us. I am happy to say that in your work you stood energetically for economy and that your attitude in this respect was one of the main factors in accomplishing economy. You were a valuable member and I appreciated at the time and appreciate now the co-operation you gave me. What I have to say concerning your work on the Ways and Means Committee applies to your whole legislative record. I hope that the people in your district return you to Sacramento to assist at the next session in working out the very important problems that are confronting the State as a whole."

Assemblyman Martin has been endorsed by Walter J. Little, Speaker of the Assembly; and by many members of the Assembly and the Senate of the 1933 Legislature, Republicans and Democrats, and several high officials of the State Government, including Vierling Kersey, State Superintendent of Schools. Other endorsements for Mr. Martin: The Los Angeles County Republican Assembly; State Building Trades Council of California; California Real Estate Association; various teachers' organizations; Women's Political League of Los Angeles; California Veterans' Association of Los Angeles; Federated Voters of L. A. Amusement Organization; the Brotherhood of Locomotive Firemen and Enginemen of California; the Order of Railway Conductors of California; a group of citizen voters of the La Canada-Flintridge district, headed by Robert S. Person and D. G. Mellor; California Retail Lumbermen's Association.

All these endorsements came without solicitation by Mr. Martin.

## Communism Is Flayed By Assemblyman

**Martin Denounces Those Who Raise False Hopes In Breasts Of Unemployed**

Assemblyman Frank G. Martin of this district announced his platform as a candidate for reelection at a meeting of the communities comprising his district and the Altadena Citizens Association on Monday night. More than a score of Sierra Madreans were in the audience that heard Mr. Martin denounce Communism and brand the Epic plan as "dangerous, demoralizing and menacing." He said, in part:

"I am a Republican, without prefix, suffix or affix. I have no connection or collusion with any 'ism' plan or party, other than the Republican party. I believe in party government, but not in narrow partisanship. I believe in party honesty and fidelity. I believe in being what you are, in politics, without subterfuges to gain votes.

"I am opposed to the Epic plan. I believe it is wholly impractical. I believe that it raises false hopes which no party or group could make effective. I regard Socialism as presented in the Epic plan as being dangerous, demoralizing, mischievous and menacing. I offer you no 'plan' in which I would promise to carry you on 'flower beds of ease' to castles in the air, while you pick daisies and daffodils along a flower-bedecked fairy way, lulled by dulcet melodies from the 'Choir Invisible.' I know human nature too well. I know that human nature cannot be amended by statutory law or transformed by constitutional amendment.

"I point you to a safe, sane, sensible road over which rugged, self-reliant, courageous Americans always have trodden when in political or economic difficulties. I urge you, hold fast that which is good in our present economic and political system. Move sensibly and surely to betterments.

"The 1933 Legislature made forward strides in economy in government and in relief for taxpayers. I stand upon my record as a member of the State Assembly.

"When we are sick we turn too much to harmful quack cures. When we are well we scoff at quackery. This is true in politics. We are getting well. Let's stick to our sensible fruit juices, sal hepatica and hot footbaths, fresh air and exercise, in our politics.

"I would not indulge in doubtful experimenting and fairyland dreams in public business any more than I would in my own private business. I would rather go to an honorable defeat standing upon a platform of progressive principles and sound sense than to win a dishonorable, compromising, trucking victory.

"I have urged upon two successive Governors a special session of the Legislature to afford additional relief to taxpayers in continuing to reduce outrageously high delinquent tax penalties. I am proud that I had an active part in permanently reducing penalties by the act of the 1933 Legislature. This special session of the Legislature, should it be called by Governor Merriam, also should extend the moratorium on mortgages. It should provide substantial relief for unemployment on terms that will not pauperize and humiliate the unemployed. I favor sweeping reforms in liquor administration throughout the State.

"I am unalterably opposed to dance halls in the 48th Assembly District in connection with liquor-selling establishments. These, usually, as we know, are dens of iniquity luring minor boys and girls to vicious temptations.

"I favor abolishment of the special Supervisorial District road tax.

"I favor a more vigorous war on crime in California. I am on a special legislative committee to strive for reform of abuses in paroling and pardoning prisoners. I am proud of the fact that I was author of the present law which imposes extreme penalties for kidnapping.

"I favor retention of the Riley-Stewart plan, particularly that provision which limits costs of government from year to year. I telegraphed the State Board of Equalization this week, urging their refusal of the request of our County Supervisors to increase the county budget over the prescribed five percent.

"I am honestly, sincerely, earnestly and undeviatingly for economy in government. I point you to my record on the Assembly Ways and Means Committee in 1933. We saved many millions to the taxpayers of the state.

"I favor adequate fire prevention and flood control, in which this Assembly district is vitally interested.

"I am 100 percent American. I am not looking to Russia for suggestions in government. I am strongly of the conviction that each and every persons, native or alien, who espouses Communism or any other 'ism' or 'plan' and who advocates overthrow of government in this country by violence and bloody revolution, should go to prison instantly, there to remain until deporting of the alien can be arranged—or if a person born in this country, such person should be held prisoner as being a public enemy. We too long have dealt with unwise leniency with Communists, desperate criminals, racketeers

## Children Present Fanciful Play At City Hall Tonight

"The Magic Key," fanciful production of the Sierra Madre Children's Dramatic Guild, after a week of intensive rehearsal, is in readiness for public presentation at the City Hall tomorrow evening. Because the seating capacity of the auditorium is limited admission will be by invitation only.

Included in the cast are Betty Penn, Paula Armstrong, Betty Spinks, Mary Lou Lovejoy, Herbert Howard, Wilma Smith, William VanMeter, Jean Thayer, Mary Moeller, Norma Hogan, George Tyree, Dale Spinks, Doris Pickett, Alberta Myers, Dorothy Hogan, Marjorie Griffith, William Carleton, Tom Downs, Rita Burns, Lucile Clark, Norma Hibbs, Patsy Moeller, Lois Pickett, Grace Jensen, Russell Lovejoy, Sydney Freed, Julia Rossi, William VanMeter will present the curtain speech.

Last Saturday 12-year-old Margaret Hoevel presented an original playlet entitled "Before Dinner" at the regular weekly meeting of the Guild. In the cast were the young authoress, Marjorie Griffith, Lucile Hoevel, and Grace Jensen.

It is announced that Idella Taylor will play the role of Cinderella, and Dolores Bartold will play the Second Spirit in the August 25th production of "The Magic Key," at the library.

## Johnson News Stand Changes Hands, New Owners In Charge

Johnsons' News Stand, for the past five years operated by Arthur Johnson Jr., and Arthur Johnson III at 15 Kersting Court, changed hands on Wednesday, having been purchased by Frank Spencer and his brother-in-law, E. A. Holliger.

Renamed "The Sierra Madre News Stand," the establishment will be completely stocked with a full line of candies and soda fountain confections. The store will carry and act as subscription agent for a complete line of magazines and school supplies. Sale of beer is to be discontinued, it is stated.

## Dance Will Follow Installation Of Legion Officers

Installation of newly elected officers of the Sierra Madre Legion Post will take place in the Legion quarters of the local City Hall Monday evening. The ceremonies will be followed by a supper dance and entertainment for Legion and Auxiliary members and their friends. It was intended to hold a joint installation of the Legion and Auxiliary officers, but it was necessary to postpone the Auxiliary ceremony until a later date owing to the absence from the city of the Auxiliary president.

## Fire Flames

By One of the Boys

WITH George Norris acting as Chief and chairman for the evening, the Firemen held their semi-monthly meeting and practice last Friday and despite the Chief's absence, good order was maintained. There was, however, some little confusion when Louie Karker, the official fine collector, became too attached to his collection box. Whether the roof leaked pine pitch onto the handle of the box, or whether the pitch just got there, will never be known, but it is a certainty that Louie had great difficulty in removing the sticky substance from his fingers. Louie said he fully intended sticking to his job anyway, so glueing his collection box wasn't necessary.

Arrangements were made for a large attendance at the coming fire chief's convention to be held in Pasadena next month, where the local fire department will take an active part in entertaining visiting firemen. A feature of the convention will be a big parade and the local men have a surprise up their sleeves. It would be a good thing for to see. With such men as Marion Hayes, Frank Lovell, Lee Hibbs, Joe Swanson, George Norris and many more acting as a nudist fire department in the parade, it will surely be worth going to see. If it's a hot day, sun burn will hurt, and if it's a cold day, well, the nudist firemen won't be so funny.

Harlan Gerlach acted as "boss" for the practice last Friday. He had the fellows try out the ladders and take plenty of hose off the trucks, so if he ever comes up for a popularity vote, he may find himself a loser.

The department received a fine recommendation from the City Council on last year's fire report, which made the whole membership feel proud. The report has already been published in THE SIERRA MADRE NEWS.

**THIS IMPORTANT ADVANCE**  
 in electric refrigeration

**THE NEW "SUPER FREEZER"**

With the Super Freezer, Frigidaire makes electric refrigeration more convenient and more truly automatic. For example: when you need ice cubes, you simply press a lever and the trays slide right out. It's impossible for them to stick.

Then there's the matter of defrosting. All you do is flip a switch. When defrosting is completed your Frigidaire starts automatically.

Perhaps you have a large number of bottles to cool. You'll find plenty of room for all of them on both sides of the centrally located freezer. And the Frigidaire Super Freezer keeps uniformly low temperatures

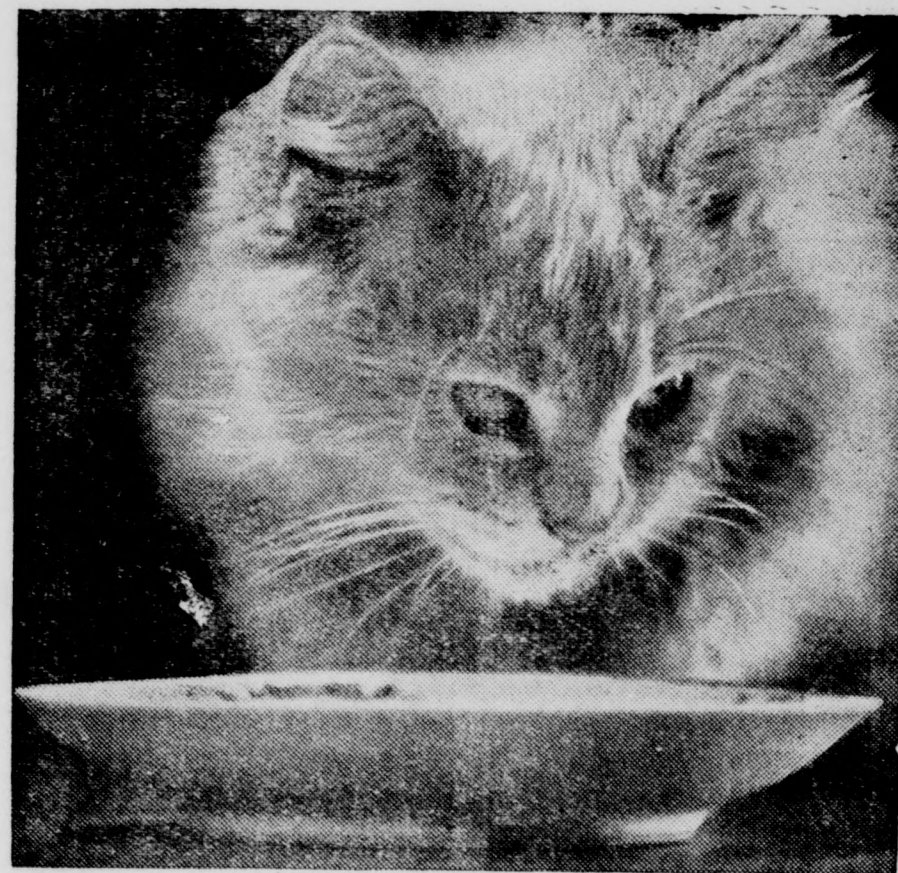

throughout the food compartment. The Frigidaire '34 is equipped with the Super Freezer at no added cost to you. Its adoption as standard equipment is in keeping with the policy that has established Frigidaire's leadership and made it the choice of one and a quarter million more buyers than any other make of electric refrigerator.

And since the introduction of the new Frigidaire '34, more household Frigidaires have been sold than in any other similar period in Frigidaire history!

Come in today and see this new development. Learn for yourself why so many thousands are proudly saying:

**GAS TO COOK A FAMILY MEAL COSTS LESS THAN THE KITTEN'S DISH OF MILK**

The cost of natural gas to cook a meal for the average family, here in Southern California, is less than one cent. It is hard to realize that gas is so inexpensive, because your monthly gas bill is made up of an astonishingly large number of individual usages.

For instance, if you have an automatic water heater its convenience is so great that an average family will use large or small amounts of hot water several thousand times a month. Each time the amount of gas consumed is so small, and the cost is so low, that it takes more than a hundred average usages to add up to a nickel a day.

Automatic water heating with natural gas is three times as economical as other modern automatic methods. That is an important reason why you should insist on modern natural gas equipment—and why you need not deny yourself the many conveniences it affords.

## CARE OF AVACODA TREES

By Jessie Ward Russell

**A**UGUST is an important month in the care of Avocado trees. Most important of all is the watering, for they must not be allowed to dry out enough to wilt. If the tree does become wilted, the sun will burn the bark which is very sensitive. Wilting will also cause the fruit to drop.

Mulching the ground under the trees with leaves, straw or manure, will help to keep the ground moist. The basin under avocado trees should be larger than the spread of the branches. For large avocado trees, it is better to do away with the basins entirely and use sprinklers so that all the ground will be irrigated. Where small basins are used for large trees the roots become pot-bound just as if they were confined in a small container, as the roots can develop only when they get moisture.

Healthy, mature avocado trees are bearing bumper crops this season and such trees need extra food. Sulphate of Ammonia is recommended as a quick acting fertilizer. It can be applied about once in two months in small doses. Two or three pounds for mature trees, younger trees in proportion. Just scatter the fertilizer over the ground under the trees and irrigate as soon afterward as possible.

Producing trees should be braced with poles or with a system of wires. Do not wind wire around limbs but attach it to the limbs with screw-eyes which are screwed right into the limb.

Many avocado trees will need

## WOMEN ORGANIZE FOR DOWNEY AND SINCLAIR

For the purpose of assisting the campaign of Upton Sinclair for governor and Sheridan Downey for lieutenant-governor, a group of Sierra Madre women have formed the Sierra Madre Women's Sinclair-Downey committee.

The personnel of the committee is as follows: Mrs. A. F. Snell, Mrs. Cameron Dickenson, Mrs. Harold Carew, Mrs. W. J. Lawless, Mrs. Milford Thompson, Mrs. Francis M. Eakman, Mrs. Bertha Rolfe, Mrs. J. K. Semple, Mrs. John H. Osgood, Mrs. J. W. Tyree, Mrs. H. F. Barton.

## Human Value Must Exceed The Dollar

Citizens Can Do Much To Help Relieve Unemployment Kiwanians Told

"Until we raise the man above the dollar, we cannot hope to better our conditions," stated C. A. Gumeere, regional service man of the County Welfare department's unemployment relief service in a speech at the Tuesday noon Kiwanis club meeting.

Using as an example the great Chicago theatre fire in which scores of lives were lost because of the distorted appliance of the old law of self preservation, Gumeere pointed out that unemployment can only be solved when we "allow the people in between an even chance of getting through the door."

The problem of unemployment, he said, is getting beyond the control of the government, and it is now up to the average citizens to put their shoulders to the wheel. There are many who hesitate while perfectly able financially to have necessary repairs made about their property.

"Why," he asked, "do they wait? Houses need painting, floors and roofs need repairing, yards are waiting to be beautified, much work is needed, and there are men and women to fill the jobs."

On the lists of the county welfare department, the speaker said, are countless men and women of all trades and professions who came here during the peak of the building era from 1919 to 1929, not for charity but because it was profitable for them to do so; in 1929 there were only three welfare offices as compared with the present 27.

In explaining the county welfare financial statistics little understood by the public, Gumeere emphasized that the staggering total of cash expended is not all furnished by the county, but is equally divided between county, state and federal tax funds. The sudden growth of the Pacific Coast, especially the Los Angeles section, was a result of the influx of wealthy families attracted by the climate in the prosperity years. The thousands of workers who came here in consequence constituted the vast army of unemployed today, he said.

W. J. Lawless acted as chairman in the absence of President William Midgough and Sidney Ellery, of the Ellery Hardware Co., was initiated into the club.

A number of guests from San Gabriel and Monrovia were present.

## A. L. A. Activities

By Minnie Stinman

**U**NIT 297 will hold a special meeting August 30, at 8 p.m. at the City Hall, for the purpose of hearing convention reports. Our next regular meeting occurs September 13, almost a month after the convention. In order to receive reports while still fresh in the minds of our delegates, and to avoid making the next regular meeting unduly lengthy, it was thought best to have a special meeting in August. Delegates who attended the convention are Orceila Stinman, Blanche Buie and Elizabeth Steinberger. Alternate Lillian Wheeler, visiting relatives in San Francisco, was also present at the session.

Latest word from our absent president indicated that the family will start for California August 20, and will be home about August 27. Leila will be here to preside at the special meeting on the 30th.

District President Irene Baker recently said that Sierra Madre had never disappointed her in any request she had made of the units in District 18. At the last district meeting, Mrs. Baker asked each of the 23 units to send in just one more membership to make the district quota, and Sierra Madre lived up to its reputation by sending in one more per capita before convention. We now have our quota, 64, in Seniors, besides our 17 Juniors which gives us a total of 81. Prospects are bright for next year's membership. One of our members has already paid her dues for 1935.

Since the last convention there have been 25 new units organized in the Department of California, three of them in our own district. Only two districts are ahead of us, district 16 and 21 each having four new units.

One of the most interesting reports given at our last meeting, August 9, was that on Americanism, given by Helen Lovejoy. This was a report of an interview with Mrs. Herbert Hoover, Sr., in which she highly commended the Legion and Auxiliary for the stand they take against Communism in all its forms.

Mrs. Hoover said that Communism is a greater menace to American liberty and ideals than many people realize, and its insidious teachings are hidden under so many disguises that few people recognize their trend. But the American Legion is ever alert to any threat to the Nation to which they offered their lives, and the American Legion Aux-

iliary loyalty seconds every patriotic endeavor of the Legion. Many resolutions dealing with Communism were offered in the convention at San Francisco.

For the second time within a year, the death angel has entered the home of one of our members, Stella Dennison, this time taking her father. The sympathy of the entire unit goes to Stella.

Mrs. Augusta Coats, 240 East Central, our treasurer-elect, and her daughter, Miriam, accompanied Elizabeth Steinberger on her way to the convention. Mrs. Coats and Miriam expect to go north to Washington, returning just in time for school.

Because of the absence of President Leila Embree, it was impossible for the unit to hold a joint installation with the post next Monday night. However, all unit members have been invited to attend the post installation at the City Hall and the dance party afterward.

The Auxiliary's dance at the tennis court last Friday night, while very successful as far as providing a good time for all participants, was not sufficiently successful from a financial standpoint to warrant a continuance of this form of entertainment.

Sierra Madre 183-4 Colorado 6191

The Philip Carey Company, Cincinnati, Ohio, famous since 1873 for its manufacture of roofings and other products, announces the appointment of Monarch Roofing Company as exclusive dealer for Carey Products in this community. To insure the best possible service for customers of Carey Products, ample storage facilities have been provided and large stocks will be maintained.

## Carey Cork Insulated Shingles

Houses that are protected by Carey Cork Insulated Shingles are cooler in summer and warmer in winter. Cost much less than ordinary shingles plus the price of separate roof insulation. The extra thickness makes a beautiful, deep shadowlined roof. Ask for samples and a free estimate.

## Carey Roll Roofings

Carey roofings are made in the largest individual roofing plant in the world. Huge production effects large savings and these are passed along in the form of extra quality. That is why we can offer you greater values for your roofing dollar.

## Carey Solka Roofing

Carey Solka is stronger than you ever thought a roof could be. It contains about 30% more Carey asphalt saturation. And, due to the strength of the special fibers, Carey Solka is extremely flexible. Get a free sample—your own test will be more convincing than anything we could say.

## Carey Shingles

The superior durability of Carey Shingles is the result of two things: First, use of the highest quality raw materials; second, there is more than 60 years of experience back of every step in their manufacture.

## Milkmen Hit Viciously To Beat Kiwanis

Showing little regard for the distance between home plate and the left field fence, nine gents flying the pennant of the Lucerne Creamery spent last Thursday evening in Sierra Madre and nonchalantly disposed of the hitherto practically invincible Kiwanis ball team by a score of 15 to 4.

Of the five home runs knocked out by the visitors, a quarter of a dozen sailed into the street. Starting in the first inning, the Milkmen kept up a heavy cannonading through the eighth—to total 20 hits. Although the locals put up a hard fight and played a fairly good fielding game, they were handcuffed by Messrs. Kelly and Fouts, who hurried for the visitors.

Hedley, one of the local Grade-A men, was the only villager to get more than one single. He managed two hits out of four trips up. The score:

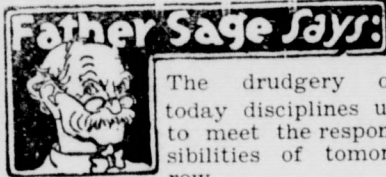

Kiwanis	A	B	R	H	E
Marsh, 3b	3	0	0	1	0
Young, rf	3	1	0	0	0
Brain, c	3	1	1	0	0
Masters, 1b	3	0	0	0	0
E. LaLone, p	0	0	0	0	0
F. LaLone, cf	4	1	1	0	0
F. LaLone, lf	4	0	1	0	0
Hedley, ss	4	0	2	0	0
Draman, 2b	2	1	1	2	0
Smith, 2b	2	0	0	0	0
W. Perry, p	2	0	0	0	0
	31	4	6	3	

Score by innings:

Kiwanis	003 000 001—4
Lucerne	320 331 300—15

Home runs, F. LaLone, Midkiff, Spotswood, Fouts 2, Mayo. 2-base hits, Brain, Kelly, Midkiff, Jackson, Ames. Struck out by LaLone 0, by Perry 6, by Fouts 0, Spotswood 5, Kelly 2. Bases on balls off LaLone 2, Perry 1, Spotswood 5. Hits off LaLone, 8 in 2-3 innings; Perry, 12 in 6-13 innings; Spotswood, 4 in 0-1 innings; Kelly, 0 in 2-3 innings; Fouts, 2 in 2-3 innings.

The Sapp-Chevrolet team of Huntington Park, scheduled to meet the local Kiwanians here Tuesday evening, failed to put in an appearance. In order that the fans would not be entirely disappointed, Jack Brain, Kiwanis manager, rushed together a makeshift outfit composed of a few regulars and several other extras, and a nine inning practice tilt proved entertaining.

The drudgery of today disciplines us to meet the responsibilities of tomorrow.

## Chamness, Former County Treasurer, To Consult People

Albert N. Chamness, former county treasurer and a former mayor of Whittier, spent Wednesday in Sierra Madre meeting old friends and making new ones. It was his first visit to this city since he announced his candidacy for County Supervisor in this, the first supervisory district.

To a group of ardent friends at luncheon here he said he felt that if the people in this district are worth attention as voters, they are also worth attention as consultants on matters affecting their territory after the officer is elected. To this end he expects to have "key men" all over the district with whom he can discuss Supervisory matters which may affect them, and to consult with them prior to the board's official actions.

To know Chamness is to know he is sincere in his statements and to take Supervisory matters up with his people is but a right step toward truly representing them.

## JUDGE LUCIUS GREEN CALLS ON FRIENDS

Judge Lucius P. Green who presides over and is a candidate for re-election to office No. 19 of the Superior Court, spent Wednesday afternoon visiting friends and acquaintances in Sierra Madre and in making new friends here. He established an enviable record for justice and fair dealings when, acting as first assistant city solicitor for the City of Los Angeles, he settled all claims against the city growing out of the St. Francis dam disaster of 1928 in which nearly 400 lives were lost and thousands of acres of farm land and orchards were destroyed. Only one of the nearly 4,000 claims for damages reached the courts, all other claims having been amicably adjusted. He was later called to the Municipal and then to the Superior Court.

## CAMP FUND FROLIC PROVES BIG SUCCESS

The Congregational Young People's Camp Fund Frolic held at the N. W. Tarr estate at 247 West Montecito avenue Friday was called a big success as over 130 young men and girls were served supper and attended the dancing and swimming party. A special tennis tournament was played for the general entertainment, and Don Blake and Hiro Kaya won the doubles prize.

NO PLACE LIKE HOME FOR CHIEF AND MRS. RICHARDS. Fire Chief and Mrs. W. D. Richards returned on Monday from a motor vacation trip of more than 3,000 miles. Their jaunt took them through Central and Northern California into the Mother Lode country, Reno and the ghost mining towns of Nevada and then to the Oregon line. They returned through the Redwood highway and the coast route.

"There was something of interest in practically every town we stopped," the Richards agreed, "but no place so beautiful nor as interesting as Sierra Madre."

A Non-Partisan Candidate For  
A Non-Partisan Office  
VOTE FOR  
**Albert N. Chamness**  
Supervisor, First District  
Primaries August 28

## CHAMNESS BELIEVES

That your Supervisor should reserve a part of each day for the people of the district he represents.

That taxes can only be lowered by spending less.

That flood control problems should be shared with the Federal government.

That spreading grounds for the conservation of water should be purchased at prices fixed by the court.

That a group of key men throughout the First District should be consulted in all important matters affecting the district or county.

That simplification of government will save money for the taxpayers.

That over-assessed districts should be relieved by a fair distribution of gasoline tax funds.

That unemployment problems and relief for the needy of the county should be shared by State and Federal governments.

That your Supervisors should oppose centralization of road building at Sacramento and that the County of Los Angeles should receive its just share of gasoline tax funds.

That any division of the county at this time is economically unsound and unnecessary.

## MADAM YAW TO SING AT LARK ELLEN BOWL

If the reputation established by the Lark Ellen Echo Bowl for having each concert better than the last is sustained by the coming program the people of Covina and the San Gabriel Valley must wish that the season had included ten or a dozen entertainments. Instead, the series closes next Monday night, August 20 and the program simply bristles with interesting numbers. "Lark Ellen" is to sing the great Aria from Il re Pastore by Mozart, with violin obligato by Margaret Johnston.

GEORGE SMITH JOINS CREW OF THE GENERAL SHERMAN. George F. Smith, son of Mr. and Mrs. George W. Smith of 11 North Mountain Trail avenue, is now a part of the personnel of the General Sherman, liner of the State Steamship Line. He sailed from Portland last Tuesday on a tour which will include Yokohama, Kobe, Manila and return, and expects to dock in Portland again about two months from now.

## SUPPORT IS PLEDGED TO JUDGE YANKWICH

Impressed by the broad views and stalwart Americanism of Judge Leon Yankwich when he addressed the largest meeting ever held by the Sierra Madre Forum on the subject of "Freedom of Speech and of the Press," many Sierra Madreans who heard him volunteered their services on a committee to further his campaign for re-election to office No. 6 of the Superior Court.

The candidacy of Judge Yankwich for re-election was endorsed this week by the Home Defenders League, the Spanish American League, City Government League and the Young Voter's League.

### Home Sojers Beat Terrace City Nine

Terrace City's cellar bound Legionnaires took a 13-4 drubbing at the hands of the local soldiers on the school diamond Friday night. Burroughs, apparently acclimated to his position on the mound, tossed nice ball, while Mathis proved the Soldier's most potent piece of heavy artillery—getting a tripe, a nomer and several lengthy hits.

### Events Of Interest To The Local D.U.V.

TWO events of interest to local D.U.V.C.W. members will take place today at the home of Mrs. Etta M. Wright at 233 Santa Anita Court. This morning the Esther Forman Garden Club will meet, and this afternoon at 1 o'clock a card party is to be held there. Mrs. Wright reports that the local mascot goat is being well fed again, after surviving rather lean months during the depression.

### Unaccounted For Half Million May Hold Up Gas Money

The possibility that Sierra Madre and other cities in the county area may meet with delay in securing their gasoline tax funds for street improvement work was seen this week as the board of supervisors considered an investigation of expenditures of similar funds allocated in past years.

The board received a report from county road commissioner George W. Jones to the effect that of expenditures made in the past two years there is still \$500,000 unaccounted for. Investigation will be made unless complete statements are received to show how all funds in the county have been spent.

### LOCAL DELEGATION VOTES FOR WINNERS

Elbert Reddick, of the City Terrace post, was installed as 18th District Legion commander at the San Francisco convention Wednesday. He was elected to the post at the district meet in Azusa last month, replacing Lloyd Burwick. The Sierra Madre delegation to the convention, which included Samuel Graham and Benjamin Stinman of Sierra Madre, also voted for F. S. Wood, of San Marino, who was elected as Fourth Area commander, the area consisting of all the territory south of San Luis Obispo.

### MRS. BORRADAILE OFF ON LONG EUROPEAN TOUR

Mrs. J. Borradaile, of 391 East Grand View avenue, leaves her Sierra Madre home Monday for an extended European tour. She will be accompanied by her sister, Mrs. A. Opero, of Los Angeles and her daughter, Mrs. J. A. Strum, of Pasadena. The party will sail on the S. S. Washington from New York.

### 'Round the Town

Mrs. Nettie Foster, her son Ed Foster and mother, Mrs. A. E. Johnson, returned Sunday night after a week's vacation spent at Laguna Beach.

Dr. Carl Rickter, brother-in-law of Lee Shippey, and his family from Kansas City, have been guests at the Shippey home on Nehr Drive the past 10 days. They leave for home today.

Miss Eunice Duvall who has been a guest at the home of Dr. and Mrs. W. M. Barker of 281 Santa Anita Court for several weeks, is leaving for her home in Drexell, Missouri, next Tuesday.

Mr. and Mrs. A. S. Rosen, of Philadelphia, Pa., are visiting Mr. and Mrs. Leon Keltz, of 633 West Alegria avenue. Mr. Rosen is Mrs. Keltz' brother.

Mrs. J. E. Leguin of Alhambra is spending a few days with her parents, Mr. and Mrs. J. C. Dickson of 169 West Montecito avenue.

Mr. and Mrs. F. H. Hartman and Dr. and Mrs. George Hartman are expected home next Sunday from the east where they have been vacationing since the middle of June.

Mrs. Frederick Turner of Santa Barbara has been the house guest of her sister, Miss Elizabeth Ferris, of 100 East Highland avenue, this past week. Miss Ferris drove to Santa Barbara last Thursday, returning with her guest.

Mr. and Mrs. C. H. Sandage of West Highland avenue, are leaving Saturday on a two week's vacation which will include an automobile trip to Mammoth Lake in the High Sierra.

### Mr. and Mrs. E. E. Johnston

#### AGED WOMAN RECOVERS FROM BLACK SPIDER BITE

Now completely recovered from a violent illness contracted when she was bitten two weeks ago by a deadly black widow spider, Mrs. Fannie K. Thompson, of 52 East Highland avenue thanks Dr. M. H. A. Peterson for her life. It was Dr. Peterson who recognized the elderly woman's symptoms and acted promptly in getting her to the Los Angeles County General Hospital.

### VALLEY WRITERS CLUB DISCUSSES LEE SHIPPEY

The literary opinions of Lee Shippey were reviewed at a session of the Writers Club at Rancho Mesa in Azusa Friday night, in the course of a round table discussion which followed a tamale pie supper. Mrs. J. T. Gordon was hostess, and among the 30 guests were Mr. and Mrs. Victor Hill, and Mr. and Mrs. Joseph Quinter of Sierra Madre.

### TROUT IN MONO LAKE COUNTRY CALL GERLACKS

The City Hall was temporarily vacated by another of its employees yesterday, when Officer Harlan Gerlach could no longer withstand the annual call of a singing trout line.

Officer and Mrs. Gerlach, encoined in the family jitney (which also held practically everything but the kitchen sink) drove north. They will camp, as usual, in the Mono Lake country, and have solemnly sworn to bring back material evidence of their prowess with the light rod.

The Philip Carey Company, Cincinnati, Ohio, famous since 1873 for its manufacture of roofings and other products, announces the appointment of Monarch Roofing Company as exclusive dealer for Carey Products in this community. To insure the best possible service for customers of Carey Products, ample storage facilities have been provided and large stocks will be maintained.

### Carey Cork Insulated Shingles

Houses that are protected by Carey Cork Insulated Shingles are cooler in summer and warmer in winter. Cost much less than ordinary shingles plus the price of separate roof insulation. The extra thickness makes a beautiful, deep shadowlined roof. Ask for samples and a free estimate.

### Carey Roll Roofings

Carey roofings are made in the largest individual roofing plant in the world. Huge production effects large savings and these are passed along in the form of extra quality. That is why we can offer you greater values for your roofing dollar.

### Carey Solka Roofing

Carey Solka is stronger than you ever thought a roof could be. It contains about 30% more Carey asphalt saturation. And, due to the strength of the special fibers, Carey Solka is extremely flexible. Get a free sample—your own test will be more convincing than anything we could say.

### Carey Shingles

The superior durability of Carey Shingles is the result of two things: First, use of the highest quality raw materials; second, there is more than 60 years of experience back of every step in their manufacture.

SUPERIOR COURT

## Frank G. Martin Endorsed By Many Groups and Individuals

Assemblyman Lawrence Cobb, of Los Angeles, chairman of the Assembly Ways and Means Committee of the 1933 Legislature, writes Mr. Martin as follows:

"Your assistance on the Committee on Ways and Means was invaluable. The problems confronting that Committee and the burdens upon it were enormous. No one not conscientiously interested in good government and the people could have withstood the pressure brought on us. I am happy to say that in your work you stood energetically for economy and that your attitude in this respect was one of the main factors in accomplishing economy. You were a valuable member and I appreciated at the time and appreciate now the co-operation you gave me. What I have to say concerning your work on the Ways and Means Committee applies to your whole legislative record. I hope that the people in your district return you to Sacramento to assist at the next session in working out the very important problems that are confronting the State as a whole."

Assemblyman Martin has been endorsed by Walter J. Little, Speaker of the Assembly; and by many members of the Assembly and the Senate of the 1933 Legislature, Republicans and Democrats, and several high officials of the State Government, including Vierling Kersey, State Superintendent of Schools. Other endorsements for Mr. Martin: The Los Angeles County Republican Assembly; State Building Trades Council of California; California Real Estate Association; various teachers' organizations; Women's Political League of Los Angeles; California Veterans' Association of Los Angeles; Federated Voters of L. A. Amusement Organization; the Brotherhood of Locomotive Firemen and Enginemen of California; the Order of Railway Conductors of California; a group of citizen voters of the La Canada-Flintridge district, headed by Robert S. Person and D. G. Mellor; California Retail Lumbermen's Association.

All these endorsements came without solicitation by Mr. Martin.

With the Super Freezer, Frigidaire makes electric refrigeration more convenient and more truly automatic. For example: when you need ice cubes, you simply press a lever and the trays slide right out. It's impossible for them to stick.

Then there's the matter of defrosting. All you do is flip a switch. When defrosting is completed your Frigidaire starts automatically.

Perhaps you have a large number of bottles to cool. You'll find plenty of room for all of them on both sides of the centrally located freezer. And the Frigidaire Super Freezer keeps uniformly low temperatures

throughout the food compartment.

The Frigidaire '34 is equipped with the Super Freezer at no added cost to you. Its adoption as standard equipment is in keeping with the policy that has established Frigidaire's leadership and made it the choice of one and a quarter million more buyers than any other make of electric refrigerator.

And since the introduction of the new Frigidaire '34, more household Frigidaires have been sold than in any other similar period in Frigidaire history!

Come in today and see this new development. Learn for yourself why so many thousands are proudly saying:

**Albert N. Chamness**  
Supervisor, First District  
Primaries August 28

### CHAMNESS BELIEVES

That your Supervisor should reserve a part of each day for the people of the district he represents.

That taxes can only be lowered by spending less.

That flood control problems should be shared with the Federal government.  
That spreading grounds for the conservation of water should be purchased at prices fixed by the court.

That a group of key men throughout the First District should be consulted in all important matters affecting the district or county.

That simplification of government will save money for the taxpayers.  
That over-assessed districts should be relieved by a fair distribution of gasoline tax funds.

That unemployment problems and relief for the needy of the county should be shared by State and Federal governments.

That your Supervisors should oppose centralization of road building at Sacramento and that the County of Los Angeles should receive its just share of gasoline tax funds.

That any division of the county at this time is economically unsound and unnecessary.

## GAS TO COOK A FAMILY MEAL COSTS LESS THAN THE KITTEN'S DISH OF MILK

The cost of natural gas to cook a meal for the average family, here in Southern California, is less than one cent. It is hard to realize that gas is so inexpensive, because your monthly gas bill is made up of an astonishingly large number of individual usages.

For instance, if you have an automatic water heater its convenience is so great that an average family will use large or small amounts of hot water several thousand times a month. Each time the amount of gas consumed is so small, and the cost is so low, that it takes more than a hundred average usages to add up to a nickel a day.

Automatic water heating with natural gas is three times as economical as other modern automatic methods. That is an important reason why you should insist on modern natural gas equipment—and why you need not deny yourself the many conveniences it affords.
